

The background is a dark blue gradient with a subtle pattern of white dots. Overlaid on this are several faint, light blue circular elements. On the left side, there are concentric circles with degree markings ranging from 140 to 260. Some of these circles have dashed lines and arrows indicating a clockwise direction. Other similar circular patterns are scattered across the upper and lower portions of the image.

# ICY TOWER CLONE

BY DIMITAR TERZIEV AND STANIMIR BOGDANOV

# WHO WE ARE

- students at TUES (ELSYS)
- primarily web developers
- but we also do 2D game dev : )

# WHAT WE BUILT

- Icy Tower clone
- Arcade 2D game
- Python + PyGame

# GAME FEATURES

- acceleration-based player movement
- generating platforms
- 10 points per platform climbed
- game states - Menu, About, Playing, Game Over

# PROGRESIVELY HARDER

- platforms get smaller as you climb up
- distance between platforms increases as you climb up
- the camera goes faster as you climb up

PLAY GAMES  
HAVE FUN  
STAY PRODUCTIVE

THANK YOU FOR YOUR ATTENTION
